London, Oct. 15.—The Atlantic Transport company's steamer Mohegan, formerly the Cleopatra of the Wilson & Furness-Leyland line, which left London for New York with 50 passengers and a crew of 150, is ashore off the Lizard, between the Manacles and the lowlands.

It is rumored that there has been a great loss of life. A coast guard message reports that the passengers are "drowning like rats," and that "bodies are washing ashore, one being of a lady, lashed to a plank, with both legs

It appears that when the Mohegan struck, a gale was blowing and the sea was running high.

Life boats put off from the Lizard and from Faimouth, one returning filled with passengers. Several were drowned, however, it is reported, on the passage of the life boat to the shore. Another life boat saved six

The coast at that point is extremely dangerous and has been the scene of numerous **recks.

A dispat.h from Falmouth says the Mohegan foundered and was probably blown ashore by the heavy east wind after her Lachinery was disabled. All the Falmouth tugs went out but none were able to approach the vessel.

Later-A life boat has landed 30 of the Moheg: 1's passengers and returned for more. One lady died after she was brought ashore.

It is reported that the position of the Mohegan is serious and that assistance is urgently needed.

Testimony Before the Coroner, Virden, Ills., Oct. 15.—At the coroner's inquest wounded guards, who were on the train with the negroes, testifled that the firing was commenced by the strikers. Some acknowledged that the guards returned fire, but none would acknowledge that he individually had fired. The men said they were under strict orders not to fire except in self defense. One of the wounded guards stated that he positively knew there were no guards in the tower over the shaft and that none of the firing came from the stockades.

Newell, a prominent citizen of Boston, who has just returned from Alaska, where he has spent four moaths annually for the last 13 years, says that the district should have a representative in congress and should have the protection of adequate land laws. trange Request of Murderer Jacks Befor: Go ng to the Scaffold.

Chicago, Oct. 15.—George H. Jacks, formerly chief of police at Muskegon, Mich., and John Druggan, both convicted murderers, were hanged on the same scaffold in the county jail.

Some time before the hanging Jacks sent the following letter to Jailer

Whitman:

"Please do not let any of the clergy in to see me. If I, an innocent man, be hanged without the right to have the highest court in the land pass upon my case, which is all prepared, at great expense to myself and labor to my friends; if I am refused this right, which every man is entitled to, there certainly can be no God above us, and in that case the clergy can do no good. So please do not allow any to see me." Jacks was convicted of the murder of Andrew J. McGhee, an aged collector and solicitor, whom Jacks, assisted by William J. Willows, new serving 14 years for complicity in the crime, decoyed into an apartment house on Indiana avenue for the purpose of rob-

Jacks held a long criminal record. When chief of police of the Michigan city, he also held the position of deputy United States marshal, and was a member of the fire department.

While holding these official positions he committed a long series of burglaries, for which he was finally convicted and sentenced to the Michigan penitentiary for five years. Upon his release he came to Chicago and returned to his old mode of living. Jacks was on bonds for burglary when he was arrested on the charge of murder.

Just before going to the scaffold Jacks, notwithstanding his remarkable letter, consented to be accompanied by a priest. On the way to the scaffold Jacks repeated aloud after the priest the prayers which the priest voiced. Jacks was very much agitated.

Druggan was convicted of the murder of Robert F. Gudgeon, a saloonkeeper, whom he attempted to rob.

A Large Block Stelen From a Safe at

Minneapolis. Minneapolis, Oct. 15.—It has just leaked out that a week ago burglars broke into the office of the Consolidated Milling and Hardwood company and, after breaking open a safe, escaped with \$56,000 worth of United States bonds of the recent issue.

President George Christian, a lev days later, received a letter offering to return them if a reward was advertised in one of the local papers. This was done and \$25 was offered.

Another letter followed saying that this was too small, and that though the bonds were worthless to their present possessors, they were worth a good deal to Mr. Christian.

He was warned against reporting the matter to the pelice and directed to make a larger offer. The matter, however, has been placed in the hands of the local authorities.

A Hunchback Hanged.

San Quentin, Cal., Oct. 15.-Murderer John Miller, the hunchback, was hanged here. He was cool to the end. After the drop the blood spurted in great quantities from his neck. Being in love with a woman named Mrs. Nellie Ryan, Miller cailed to see her after she had dismissed him. This angered Miller and he threatened to kill her. On the day of the murder he renewed his threats and she fled down the street, followed by Miller, pistol in hand. As a Consequence They Are Looking For an Amelioration of the Conditions Laid Down Therein-Designs on Cuba.

Washington, Oct. 15.-The peace commissioners at Paris are still dealing with propositions relating to Cuba. but have not yet taken up the subject of the future of the Philippines.

From an insistence on the strictest construction of the articles of the protocol, the Spanish commissioners have swung to the opposite extreme and are now looking for amelioriation of conditions therein laid down, on the ground that the agreement was hastily drawn and under great pressure. There is an evident wish on their part to associate Cuba and the Philippines in their final disposition, which may explain the last application of the Spanish military commissioners for an extension of the time allowed for the evacuation of Cuba.

This application will be duly considered, but nevertheless our government will insist that the administration of Cuba be reinquished by the Spanish officials on Dec. 1, even if the Spanish troops have not ail been embarked for return to Spain.

Blanco to Hold On.

Madrid, Oct. 15 .- A rigorous censorship has been revived herc. Senor Sagasta and his colleagues are said to be greatly concerned regarding the demands of the United States government, which they assert, not only refuses to assume any of Spain's colonial debts but wants to take the heavy artillery in Cuba and the floating dock recently sent to Havana. It is said the government has cabled Captain General Blanco not to turn over any further territory to the Americans until the peace treaty has been definitely signed.

Cuba and Her Debt.

Paris, Oct. 15.-The session of the peace commissions was two hours longer Friday than any previous day. The American reply to the Spanish presentation of Tuesday was submitted and read, and an oral discussion followed. It is believed that the Spanlards submitted as their construction of the protocol that it was just to consider Spain as having equities fairly dischargeable by the American assumption of Cuban obligations.

Spain Displeased With Blanco. Madrid, Oct. 15 .- It is believed in official circles that Captain General Blanco will return to Spain at an early date. It is known that his relations with the government are strained.

Charleston, S. C., Oct. 15.-The great amount of sickness among the enlisted men stationed at Sullivan's islands, is causing the commandant, Colonel Rawles, much concern. Considering the great number of fever cases that have been treated in the garrison hospital, however, the mortality has been light. Still, at present, there are numerous cases being treated in the hospital and the death roll may be considerably

It was not a good beach on which to land. The ground was densely covered with a vine or plant much more deadly than the poisonous ivy."

Alexandria, Egypt, Oct. 15.—The Alexandria police have arrested nine Italian anarchists and have thereby frustrated a piot against Emperor Wiiliam, now on his way to the Holy land, to be present at the consecration of the church of the Savior at Jerusalem.

The first to be arrested is a cafe keeper, a well known anarchist, in whose house the police discovered two wire wound bombs of great strength, fuli of buliets.

This arrest was made in consequence of a notification from the Italian consul general at Cairo that two anarchists had left Cairo for Port Said:

The police investigation showed that the arrested cafe keeper had bribed the steward of a steamer sailing from Alexandria to Port Said and Syria to take on board a box of bombs. Apparently the anarchists originally intended to use the bombs at the palais Abidin, at Cairo, while Emperor William and the Khedive were there.

When the kaiser decided not to visit Egypt the anarchists changed their plains and decided to attack him in Palestine.

Some Indications That the Marketable Supply of Hogs is Closely Disposed Of.

[Cinelnnati Price Current, August 13]

The tendency to enlargement in the marketing of hogs has been somewhat checked the past week. Western killings have been 335,000 head, compared with 390,000 head the preceding week and 350,000 head two weeks ago. For corresponding time last year the number was 300,000 head. From March 1 the total is 12,635,000 head, against 10,815,000 head a year ago, an increase of 1,820,000. The quality has been generally fair, and to considerable extent good for the time of year. Prices have averaged lower than the preceding week, closing somewhat above the average, but 5c. and 10c. per 00 pounds lower than a week ago.

marketable supply of hogs now available is pretty closely disposed of, and that while an abundance of young stock is in sight there is no probability of a surprising number to appear in market in the near future. There is some increase in reported prevalence of maladies among swine, but the extent of such conditions at this season of the year is not unusual.

The exhibit of stocks of our meats at the four centers making returns indicates a decrease of 58,500,000 pounds in the Monday evening, December 5th. A rare stocks of meats at these large centers for the month, compared with a decrease of 46,600,000 pounds last year, when the manufacture of products was 16 per cent. smaller than the past month.

There has been considerable firmness in the provision market the past week, and closing values of leading articles of product are somewhat higher than a week ago. The current distribution has been quite liberal, but speculative sentiment has not enlarged to a notable extent. The week's export clearances were

Smith was appointed to the place only a few weeks ago upon the resignation of Gen. Dan Collier, who gave up the office on account of private business relations. The reason to be assigned for the resignation of Gen. Smith is that he has discovered that the duties of the office required too much of his time from his husiness at Lexington.

A SOLDIER'S SAD DEATH.

Was Engaged to Marry a Maysville Young Lady—The Wedding Would Have Occurred Next Week.

[Ripley Bee.]

Bert Behymer, a member of Company H, Third Regiment, O. V. I., answered the last roll call, last Sunday morning (October 9th), at the home of his uncle near Bethel. The cause of his death was

The sad news was received here Sunday afternoon, and forty-five of his comrades from Ripley, Georgetown and Mt. Oreb attended the funeral Monday afternoon at Bethel. The drum corps was at the depot to meet them, and the attendance at the M. E. Church, where the services were held, was very large. Rev. Mr. Walker, the minister of that church. had charge of the services, and at the grave Major Campbell, of the same regiment, offered some very touching and appropriate remarks. Three volleys were fired by the boys over the grave and Regimental Bugler Lawrence Yearsley sounded taps, and all that was mortal of poor Bert was laid to rest.

Sleep, soldier, thy warfare o'er, Sleep the sleep that knows no waking.

Bert was twenty-six years of age and was born at Bethel. His parents were both dead. He was one of the first recruits to enlist, and was with the boys at Tampa and Fernandina.

Local interest attaches to the above from the fact that deceased was engaged to wed an estimable young lady of this city, but who has been making her home temporarily at other points. The marriage would have occurred next week had Death's cold hand not been laid upon the gallant young soldier. As the Bee states, he was one of the first to enlist, and his last words on leaving home were, "I may die on this trip, but if I do I have the satisfaction of knowing I have done my duty as a free and loyal citizen to a free and loyal country." Instead of meeting death in battle, however, he fell a victim sponded to their country's cali.
